The history, the development and the birth of the Botanical Garden and the passion for our country has led us to a fascinating new project. Two bitters were born, revolving around the following themes everyday life in our society Rural agricultural society, the botanicals are coming from plots 343/300 Martorano and 674 Bisignano. For the first time we are proud to present pride on the label, the identity signature of the Trombino & Sons family. Meraviglioso Sprito Amaro is aimed at for an increasingly demanding public that has passionate about our way of being.

Tasting notes

Room temperature or cool from the fridge (5°C) - not from the freezer. When tasting, it brings out its vegetal and bitter side. Original in the mix.
