Abracadabra Liquirizia venduta in tutto il Mondo. An authentic liquorice liqueur from Calabria DOP was created. With the original method of cooking, the root is divided into individual fibers and then pressed out. At the same time, an alcohol essence is made from root pieces that have been reduced. Here, the alcohol content is varied by the different maturation times of the distillate. The natural color, aroma and density of Abracadabra make it a unique liquorice liqueur: "Liquorice sold worldwide"
