## Comments

Only 400-500 bottles of Bokè Noir Rosé Pas Dosé are produced each year.

## Pairing

Ideal with fish main courses and spicy starters, as well as with pasta and rice. But Bokè Noir is also irresistible as an aperitif.

## Tasting notes

fantastic Franciacorta, which knows how to perfectly reflect the true characteristics of the great terroir with its freshness and its extraordinary harmony. The exclusive Bokè Noir combines personality with elegance and evokes unique emotions. Very

fascinating on the nose: scents of raspberries, cherries and citrus fruits with clear mineral notes. Round in the mouth, tasty and lively with a gentle carbonic acid that glides smoothly along the palate.
