Comments

This Spätlese is a selection from the best vineyards of the Tenute. The grape variety bears the name of its place of origin Tramin and here it finds the ideal conditions to develop the best sides of its so typical character.

Pairing

With apple slices with gorgonzola or goose liver. A fruit cake (Tarte Tatin) is ideal as a dessert or as an aperitif.

Tasting notes

golden colored wine of enormous intensity and density that exudes a seductive scent. Its aroma is reminiscent of exotic fruits such as mango and papaya with a delicate touch of pineapple and lychee. This opulent play of aromas is repeated on the palate, ending in a long, impressive finish.
