Comments

The Grappa tin Promis has a very noble effect and gives the Grappa Promis an even more elegant appearance. This tin, which is precisely tailored to the grappa bottle, is very well suited as a gift wrap and also serves to protect the bottle.

Tasting notes

On the nose, the Grappa Promis develops elegant, clear and fine aromas of flowers such as geraniums, gardenias, citrus and hay. It has a seductive warmth and structure and ends with an intense finish.
