Comments

Le Tribute is a tribute to the pioneers, the processes and the heritage. The design and incredible quality make Le Tribute a contemporary, unique brand full of soul and character. "We follow ancient traditions to create exceptional liquids and use modern innovations as pillars to create clear differentiation and break the rules of the market."

Tasting notes

different botanicals are used in Le Tribute Gin: lime, lemon peel, orange peel, grapefruit, juniper, kumquat, lemongrass and tangerine. In the mouth, the Le Tribute Gin is extremely fresh and fruity. The lime is perceived particularly clearly in combination with the lemongrass, which also form the head of the gin. The juniper provides an incomparable and aromatic base.
