Our story always leads us to the historic old bonded warehouse, when Giocondo still, with a unique and magical ritual, made a drink that was the progenitor of coffee, for his many friends who came to visit him. He has always managed, with simplicity and wisdom, to roast his acorns with small pieces of Ethiopian coffee. We have created a coffee amaro unique and timeless. Ingredients: Ethiopian coffee, roasted acorns, oak, vanilla, bitter orange aloe, china, quassi.
