Alcohol content	43 %
Article no	72002700

Comments

Beautiful and unique composition of young and mature Grappa and Acquavite from grapes and fruits. A noble assemblage of Acquavite di Vinaccia (grape distillate), Acquavite die Vino (brandy) and Acquavite di Frutta (fruit distillate). The whole thing was matured in the finest, medium-roasted French oak barriques for 12 months. This grappa is the result of a careful selection of very good grappas, produced in recent years and aged in casks of Tronçais d'Allier oak. The composition of the different vintages and grape varieties give this grappa elegance and complexity of aromas and feelings that only the best spirits in the world transmit.

Pairing

After a meal or just to enjoy.

Tasting notes

Complex fragrance, rich, fascinating with great personality. A magnificent concert of emotions in which tobacco, cocoa and vanilla stand out. The seductive scent sensations are confirmed in the taste.
