### Comments

The fresh mountain air from the San Boldo Pass flows into our vineyards and slows down the ripening process. This gives the grapes a tart quality that makes them ideal for making brut.

### Pairing

Ideal aperitif, with appetizers and first courses with vegetable sauces, as well as with minestrone, seafood and fine fish dishes.

### Tasting notes

Brilliant, light straw yellow, lively with a fine and persistent perlage. Elegant and complex nose of golden apples with hints of wildflowers. Flavor intense, dry and fresh.
