Article no	73004700

Comments

In general, the Ron Barcelò Gran Platinum Rum can be described as very nuanced and versatile. After its storage, it is first filtered very carefully and gently before it is filled into the opulent bottle bodies.

Pairing

After a meal or just to enjoy.

Tasting notes

In its aroma, the rum is of course reminiscent of woody notes, which are also noticeable in the taste. Gentle hints of green apple round off this impression wonderfully. The longer you enjoy the Ron Barcelò Gran Platinum Rum, the more intensely you will feel the notes of eucalyptus. In addition, the drop pampers the nose and palate with nuances of fresh lemon and pink pepper.
