Comments

The vineyard of the Azienda Agricola Musella once belonged to Prince Muselli and is located at the gates of Verona. Maddalena Pasqua rediscovered it about 12 years ago and decided, among other things, to vinify an Amarone, a Valpolicella and a red wine called "Monte del Drago".

Pairing

Red meat, game, spicy cheeses.

Tasting notes

This wine has a noble-looking, intensely fruity bouquet carried by a voluminous, full-bodied body.
