Comments

Specially selected and fully ripened fine plums provide the basis for the fine Studer Vieille Prune 'Réserve Baron Louis'. As our cellar master only uses the best of the best for this noble distillate, the result is a noble spirit of the finest that the fruit can give us. During its long ageing period, this highly flavoured part of the distillate is finally bonified and thus refined into a noble spirit of the highest quality.

Tasting notes

The exquisite speciality from our house, produced with great care and love, presents itself with an excellent and highly aromatic taste!
