Comments

Viognier is a white wine variety that is mainly cultivated in the Rhône region. The wine produced from it is mostly high in alcohol, has a strong colour and a distinctive flavour. Its aromatic fragrance is characteristic and can sometimes be reminiscent of apricots, peaches and floral aromas (especially violets or lily of the valley).

Pairing

Ideal with fish, white meat, soups and appetizers.

Tasting notes

Light golden yellow. Delicately fruity white with notes of stone fruit and delicate floral accents. Beautiful finish, round and harmonious. Soft and fading on the finish.
