

Whisky Glas Glencairn

Type	Whiskyglas
Origin	Spirituosen, Whisky
Producer	Whisky Glas
Contents	-
Article no	76401100

Comments

The Glencairn glass is the latest development in nosing glass. It was developed by the Scottish glass manufacturer Glencairn Crystal together with master distillers and blenders from various distilleries and has quickly become a bestseller for many whiskey enthusiasts and is considered "Scotland's Official Whiskey Glass". The Glencairn glass is a robust, thick-walled stemless nosing glass with a solid base.
