Comments

The wrapper Havana 2000 1st choice from Nicaragua is stored for several years. The filler is made with seco piloto, piloto cubana, piloto ligero and double ligero broadleaf tobaccos from the Dominican Republic. The cigar impresses with its beautiful format and the pleasantly strong aroma development during the burn.

Tasting notes

The cigar is strong, slightly sweet, draws well and is known as a trend format due to its special bulbous shape. The pointed but open end is left uncut and lit right there. As a result, the smoking experience begins very slowly and unfolds more and more.
