### Comments

The wrapper is imported from the USA and is Connecticut Shade 1st Choice light white. The high-quality De Olor from Villa Gonzalez is used for the binder. The filler is made with piloto seco / piloto cubano tobacco from Jose Mendez from the Dominican Republic. The cigar is an absolute highlight because of the striking diameter.

### Tasting notes

The cigar has an excellent draw and is mild thanks to the unusual ring gauge, yet very balanced in flavor. The pleasant aroma development during the burn is positive.
